They are Sassuolo's
excellences

SASSUOLO FOOTBALL

THE STORY

The history of Sassuolo football began on 17 th July 1920 with its affiliation to the F.I.G.C.

The team participated for several years in tournaments in Emilia with good results.

THE LEVEL COMES UP IN YEARS

- Promotion to C1
- Promotion to B
- The super cup of series C
- Five years in series B
- Promotion to A

Presentation of our culture

— Lorenzo —

Typical foods

Some typical foods of Modena are:

- Tortellini
- “Barozzi” cake
- Parmigiano Reggiano
(Parmesan cheese)
- The so-called Tiramolla
(pieces made of sugar and honey)
- Balsamic vinegar

Typical products of our area

Sassuolo is famous for being one of the largest ceramic producers in the world. Furthermore, it is in the motor valley area, where famous and valuable cars are produced such as Ferrari, Lamborghini, Maserati and Pagani.

Introducing our symbol

— Yassir —

Presentation

Symbol

Three mountains on a red background, on a wave water surface, with two daffodils the highest median mountain and the two lateral ones. A noble crown, all decorated around it, bearing the motto "sic ex maurice gemmae".Is Heraldic description of the Coat of Arms.

Description and origin

symbols: Mountains
and daffodils

Colors:
Red, blue and
yellow/gold

The motto translates as "from
rock gems we have arisen".

Evolution of the Coat of Arms.

Presentation about our patron saint

Giulia D. G.

The patron saint of Sassuolo: Saint Giorgio

Saint Giorgio is celebrated on 23rd of April, since at least the fourth century. The patron saint of sassuolo is saint Giorgio, because the city wanted to pay homage to the Este family because theirs protector was saint George.

**PRESENTATION OF DUCAL
PALACE, DUCAL PARK AND
SECCHIA RIVER**

GIOELE

DUICAL PALACE

The current appearance of the Ducal Palace of Sassuolo took shape in 1634, when the ancient castle was transformed into a summer holidays and as the official representative seat of the court.

DUICAL PARK

It is still the largest park in the city area today. Currently only the part of municipal property is accessible to the public, including the ancient parterre equipped with a large central fountain. The Ducal Park is connected with the Vistarino Park through a green corridor.

THE SECCHIA RIVER

The Secchia River is the river that passes through Sassuolo and is a tributary of the Po River, the longest in Italy.

The Secchia River originates at approximately 1440 meters above sea level from the slopes of Monte la Nuda near the Cerreto Pass.

ANIMALS, PLANTS AND FISH IN THE SECCHIA RIVER

THE PLANTS AND ANIMALS ARE:
beech woods populated by foxes,
wild birds.

THE FISH ARE:

the vairone. The presence of carp
and crucian carp has also been
found in Lake Carrettano.

THANKS FOR YOUR ATTENTION
